The hectic end of season programme continues and we played three matches in the Football Combination in 12 days, winning two and losing one. It is the Fresha Youth team which is bearing the brunt of this packed schedule and coping well. In the 2-0 win at home to Oxford, Robert Jones and Dave Buchanan gave us a two goal half-time lead and we were always on top. We should, though, have put more chances away.

DAVE
BUCHANAN

We then travelled to Upton Park and were beaten 5-3 by a West Ham side which included Trevor Brooking, Jimmy Neighbour and Paul Brush. It was an exciting, open game and, but for a first-half lapse, we might have taken something from it. The goals came from Dave Buchanan, Robert Jones and Barry Cliff, but we hit the woodwork three times too. The last match was on Monday — a 5-0 home win over Birmingham. Robert Jones put us one up just before the break, Barry Cliff headed one in just after the interval and then after a bizarre own goal Robert Kelly scored two near the end as they collapsed. A good win.

FRESH YOUTH

By *Dave Richardson*

We must wait until Derby play Forest at home before knowing if we will qualify from Group B for the Midland Intermediate League Cup Final (see page 19).

Hopefully Forest will be held to a draw or be beaten and we will go through. Five wins out of six for the Fresha lads is good going and our last two games — both at home — were 2-1 victories over Port Vale and Aston Villa.

The Vale win was marvellous because we played nine schoolboys (most of the Fresha lads were in the Reserve side that day) and Vale had nine of the first team which had played the week before.

Keith Redguard and Phil Horner gave us a great start after 10 minutes of the game but Vale became physical after that and had a player sent off. They pulled a goal back but we hung on well. A very good result.

For the Villa match we had the regular Fresha side out and Robert Jones and Barry Cliff scored our goals. Again it was good team work which took us through.

I would not want to start any other way than by mentioning – and praising – the supporters on that marvellous occasion at Fulham last Saturday.

We thoroughly deserved to win but, although I was pleased with the team's performance, it was the sight of those travelling thousands of City fans which sticks most in all our winds.

I've seen a video of the match maybe a couple of dozen times and it is still moving to look at the shots of the Kop end of Craven Cottage packed to bursting point with City fans – blue and white everywhere. There is no doubt that tremendous support was instrumental in achieving victory. It should wake everyone to the fact that this city and county is capable of generating enough support to make us perfectly viable in the First Division.

To all of you who travelled to the game may I say a big thank you on behalf of myself, the club and the players. I've said in the past how valuable the crowd is – the 13th man I've called the fans – and the noise and atmosphere they create brings out the right sort of response from the players. Coming back up the motorway through a continual line of blue and white gave us all a great feeling of pride. After a day like that and the recent 11 match unbeaten run then it is obvious to all that this club – its players and supporters – are in exactly the right frame of mind to tackle these remaining four matches.

Hopefully we will have the same atmosphere today as we had in London and the same patience and understanding from the supporters as we try to take three points from Bolton, a team in need of a good result to avoid the drop. We have seen in the past few home games how much more difficult it can be playing teams near the bottom than the top sides but with the attitude and determination which is running right through this club at the moment we are going to take some stopping.

What a week!

After a winter when things seemed very quiet throughout football, and perhaps for Leicester City in particular, the change at Filbert Street over the last six days has been dramatic.

On the national front, vice-chairman Tom Bloor and I spent Monday and Tuesday attending League meetings, basically to discuss the Chester report.

I know the results of the meetings have been attacked in the media as 'in-action', but frankly unless a change can be seen to be for the better there is no point in making such a change.

To take the recommendation that would have had the most effect on City, that to reduce the First Division to 20 clubs and increase the Second to 24, the more one looks at it the less attractive it becomes from the First Division angle — and we are certainly not counting any chickens in that area!

To lose two home fixtures a season for the majority of the present First Division just does not make sense. Few of us in football can believe that gates would increase by any significant amount, if at all, at the remaining 19 home games each club would play if two were to be cut out. Just think of what the proposal would do for the majority — reduce match revenue by roughly 10 per cent, the same for catering income, programme sales, ground advertising rates, match sponsorship and so on. In fact, and obviously, a 10 per cent

reduction in potential income.

Do the clubs in turn get a 10 per cent reduction in their rates, electricity bills and other outgoings, and do their staff and players happily accept a 10 per cent reduction in their income? Of course not — at present the vital thing to do is to try to increase income, not reduce it.

Note several times I have used the word 'majority'. That was quite deliberate — I thoroughly accept that for the six or seven clubs in Europe and perhaps for the lucky ones that get through to the semi-finals and Final of the Milk Cup — often also those playing in Europe — a reduction in League fixtures would be a help, a help they could afford through their European and Cup income.

But one shouldn't legislate for the minority — and that's certainly what the Chester recommendation seems to do in this case.

Much the same argument can be made in the case of the recommendations for the re-organisation of the Third and Fourth Divisions.

Surely it is a matter for those clubs to decide their future — they know best their financial problems and can best know the answers.

It should not be for the First and

Second Division clubs to sentence the Third and Fourth to a new system or even to reduce their numbers. In a Fourth Division club, for example, can run on gates of even 1,500, why shouldn't they? Possibly some will fall by the wayside, but if there is to be some deaths, surely they should be through natural causes rather than as a result of possibly misguided surgery. At City level, our result at Fulham has kept the ticket office busy — and not before time! Advance sales for today's game early this week were at the highest level we have known all season, and even with the Tigers in the Rugby Final at Twickenham this afternoon, to whom we send our best wishes, we still look like enjoying a good crowd.

Finally, and just to show we can all still learn, our advertisement in the **Mercury** two weeks ago did tell us that many supporters did not know about our family seating scheme, which gives families the opportunity to see games at Filbert Street at reduced rates providing the bookings are made at least three hours before kick-off.

This week's advertisement hopefully made that clear, and we did stay open late last evening to give everyone a chance to book in advance.

RADIO REPAIRS

It seems the excitement of the match at Queens Park Rangers proved too much for one City supporter. He dropped his Hitachi transistor radio in the enclosure at Loftus Road reserved for travelling fans. The radio was found by Robert Hall, of Winchester Drive, Burbage and he and his dad repaired it. So if anyone has lost a radio you can contact Robert on Hinckley 637333.

WEMBLEY VISIT

There are still some places available on the coach going to Wembley Stadium on Saturday 11th June for the England v Scotland Schoolboy international. The trip is being run by the Loughborough Branch of the City Supporters Club and non-members can take part in the trip. Further details from Dave Kirkby (Loughborough 239771).

GORDON'S DOUBLE TONIC

After his side's success at Craven Cottage on Saturday Gordon Milne went onto even greater heights the following day by taking charge of the winning Leicester Radio All Stars team which beat Cross Keys FC 3-2 at Burbage to raise over £350 for the Optimists Sports Club for the disabled at Hinckley. Several hundred people saw the game with the first goal coming from Radio Leicester's Phil Mephram, ex-City defender Norman Leet scoring the second and Gordon's son, Andrew, coming on to hit the winner. The All Stars, who included Coventry boss Dave Sexton (pictured) and ex-City man George Armstrong, were 2-0 down at one stage until Gordon gave the team inspiration by promising them a tour to South America if they won. But, apparently, there were last minute hitches over visas and Gordon has fixed up something even more exotic — a day trip to Wigston.

CENTRE HOT-SHOTS

And Centre Radio hit the winning trail too, beating an EMGAS team 3-2. News editor Tony Cook, football reporter Mark Bishop and DJ Mark Hurrell were amongst those taking part. Now Centre have issued a challenge to anyone wanting to take them on. Ring Mark Hurrell on Leicester 551616.

FANS BIG NIGHT

There was quite an atmosphere at Coalville on Monday night when Gordon Milne and most of the players turned up for the Player of the Year/Goal of the Season awards at Margaret Street WMC. It was only 48 hours, of course, after the win at Fulham and the celebrations of that day continued at Coalville. Gary Lineker was Player of the Year for the second season in a row and Alan Smith won Goal of the Season for his goal in the 5-0 thrashing of Wolves here.

AWARDS NIGHT

The main awards night is on Wednesday 11th May at The Glen in Hillsborough Road, Glen Parva. The evening starts at 8 p.m. and goes on until 1 a.m. A presentation of the Player of the Year, Young Player of the Year and Goal of the Season will be made. The way the season is turning out it is best to get your tickets early. They are priced at £2.50 and as well as the awards there will be entertainment from disco and comedy group Silly Billies.

TOMMY'S TEASER

And here's the result of the Half-Time Teaser we set for you in the last matchday magazine.

The good news about Tommy's second broken leg is that the injury has healed and Tom himself is doing light training.

ALAN LOOKALIKE

Does this look anything like Alan Smith? Seventeen-year-old Julie Palmer, of Swinburne Road, Hinckley thinks so (except for the hair style she says). The picture was cut from Loving magazine and she says all her family thinks it looks like Alan.

BR TRAVEL

Anyone going to Leeds on Monday or Oldham next Saturday will be interested in British Rail's fares for trains they are running to both games. LEEDS: Leaves Leicester (11.15), Loughborough (11.30) and arrives in Leeds (1.45 p.m.). It leaves Leeds at 5.30 p.m. and arrives Loughborough (7.43) and Leicester (7.59). Cost £4.50 return. OLDHAM: Leaves from Kettering, through Market Harborough, Leicester and Loughborough to Oldham. No times available (BR enquiries will help) and cost is £4.50 return.

CHERRY LEAVES

We lost a valuable member of the City team recently when Cherry Rae-Smith, secretary to general secretary Alan Bennett, left to take up again her teaching career. Cherry was at the club for three seasons and, although she is no longer working here, she will, of course, keep in touch with Filbert Street developments. She will be teaching English at Kibworth High School in her new job and says: 'It's a pity I could not stay for the last few weeks of this exciting season but I'll be following the team's progress closely. 'I've enjoyed my time here, it was my first involvement with a football club and it was a good experience.' Cherry is pictured with Gordon Milne, chairman Terry Shipman and Alan Bennett.

SCHOOLS SOCCER AT FILBERT STREET

Monday 9th May will give fans a chance to see the best of the district's young soccer talent playing at Filbert Street. That evening, kick-off 6.30 p.m., we are making our facilities available to the English Schools FA, who are taking the opportunity to stage an Under-14 match, Division H v Division G. Translated into areas, Division H comprises Leicestershire, Northamptonshire and Cambridgeshire, while the visiting Division G will include lads from Lincolnshire, Humberside, Nottinghamshire and Derbyshire. That's quite a chunk of the country, and it's reasonable to assume that some of the boys playing will go on next season to full Under-15 England Schoolboy honours. Prices of admission, payable on the night, to the Main Stand will be 50p for adults and 20p for juveniles and senior citizens.

COUNTY FINAL

On Tuesday evening, 10th May, we stage the Final of the Leicestershire and Rutland County FA Challenge Cup, kick-off 7.30 p.m. For the first time in many years, Leicester City have been taking part, and as our youngsters have reached the Final the City team will be facing Enderby Town in the Final. It will be a happy return that evening for former City star George Armstrong, who has recently taken over at Enderby Town as player-manager, and it's quite on the cards that George will take the chance of another game on the Filbert Street pitch. Prices of admission for the Main Stand will be 70p for adults and 30p for juveniles.

Top: The magic moment after Ian Wilson's shot went in and Fulham were on their way out.

Above: Spot the odd man out. Fulham's Sean O'Driscoll must feel like an unwanted gatecrasher amongst all the victory celebrations.

GOAL-GET

Many City fans will remember that legendary goalscorer Arthur Rowley.

No-one has been able to match his scoring exploits of the 1950s – until now.

Gary Lineker, with 26 goals before today's game is the highest City scorer since Arthur.

And after 19 goals last season plus this term's tally he is showing the same sort of consistency too. Inevitably there will be comparisons made between the two but as Gary says: 'It's impossible to say whether I would be scoring goals regularly in the '50s or whether Arthur would today. Football has changed a lot since then. I would say its changed beyond recognition with an improvement in all round ability of players – be they goalkeepers, defenders, midfield players or forwards. But it is certainly quite a compliment for me to be talked about in the same breath as Arthur Rowley. Mind you, some people have now given me the nickname "Arthur" and that will take some getting used to.'

They don't however get that much spare time, as the business is going tremendously well at the moment and the many orders for their high standard work keeps them fully occupied.

Scene 2

The Second Division is proving to be far more exciting and interesting for the fans than the matches between the big clubs in the top flight.

The First Division Championship has been sealed by Liverpool and the three clubs now at the bottom of the table — Swansea, Brighton and Birmingham — are almost certain to go down.

But what a different story it is in the Second Division with 11 of the 22 clubs still heavily involved in the scrap to avoid relegation, and of course City's tremendous late run has opened up the promotion race and attracted the close attention of the media.

Gordon Milne and the City players are in almost constant demand for interviews and the

club is sure to be in the limelight from now until the end of the season, when hopefully we'll all be celebrating promotion at Filbert Street.

Wolves are still not assured of First Division football next season and the way they have been stumbling recently Fulham and Leicester could both push the Molineux team out of the top three at the last hurdle.

With three points for a win, Newcastle can't be ruled out and they have strung together a sequence of results almost as impressive as City's.

The Geordies' massive following has spurred them on to success after success and last week two goals by deadly striker Imre Varadi helped them to hammer Charlton 4-2.

The battle at the other end of the table is just as nerve-tingling, as today's opponents, Bolton Wanderers, will testify.

They moved out of the bottom three with a 2-0 win last week and although only two points separate them from the team they beat — Cambridge — there are six other sides sandwiched between them.

It's a real case of dog-eat-dog with victory in any single game bringing the prize of jumping several places up the table.

GET IT RIGHT.

Today's BOLTON WANDERERS

VISITORS

City lost at Bolton 3-1 but times have changed and it is the Lancashire side struggling to avoid relegation while we need the win to try and clinch a promotion spot.

A win over Cambridge last week and a goalless draw at Wolves ended a run of five defeats on the trot and Bolton feel they can avoid going down because they face crunch games against fellow strugglers Chelsea and Rotherham after today's game.

Goalscoring is the big problem and a lack of money which has meant they had to sell top

players like Peter Reid (Everton £60,000) and Tony Henry (Oldham £25,000) and it means they could not pay £25,000 for Neil Whatmore who was on loan from Birmingham.

With captain Paul Jones out through an achilles tendon injury, Gerry McElhinney — who was on loan to Rochdale — had to return to the club.

Brian Borrows came from Everton for £5,000 and has been converted from a right back to a midfield role. Bolton also have Stuart Gray on loan from Forest but player-manager John McGovern is having

trouble himself on the playing front, having suffered a groin and thigh strain.

Bolton strikers are not exactly pulling up trees and Ian Moores has scored only twice in 18 games.

David Magilton, of the Bolton Evening News, says: 'It's the worst scoring record for 50 years at the club and that's the main reason for the problem. But most people here think that Bolton will survive.'

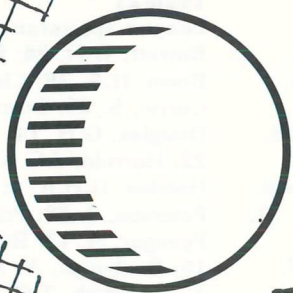

One man making a return to his home county is Steve Whitworth, an England player while at City.

Front row (left to right): Dave Hoggan, Wayne Foster, John McGovern (Player-Manager), Jeff Chandler, Peter Reid (now Everton), Ray Deakin.

Middle row: Charlie Wright (Coach), Mick Bennett, Neil Berry, Chris Thompson, Mike Doyle, Vernon Allatt, Tony Henry (now Oldham), Walter Joyce (Coach).

Back row: Gerry McElhinney, Paul Jones, Jim McDonagh, Simon Farnworth, Ian Moores, Steve Whitworth.

Supporters' Club NEWS

The inter-branch quiz was held recently at the Fosse Bar with the Final turning out to be a real Hinckley affair. Eventually, it was the Hinckley 'A' team which ran out the winners beating Hinckley 'B'.

The Fosse Bar is the venue for another quiz on Friday 6th May. The Midland area competition is being staged there with an 8 o'clock start . . . Tickets are now on sale for this year's Player of the Year evening at 'The Glen', Hillsborough Road. They are priced at £2.50 and are available from all committee members. The dance will be on Wednesday 11th May.

As you're no doubt aware, City have been invited to provide the opposition for a testimonial match for the Wolves defender Geoff Palmer. The game takes place on Monday 16th May and anyone wishing to travel to Molineux can do so on a special Supporters Club coach. For further details, contact Linda.

Finally, congratulations to Lynn Brown who recently won the ladies, singles, darts competition. Lynn defeated Shirley Ayre in the Final, 3-0.
